Unit E
Boca Raton, FL 33487-3538

Tel: 561-998-9983

Website: www.all-tag.com

Email: info@all-tag.com

Products / Services: Security Systems & Products

Company Description: ALL-TAG is an American manufacturer of Anti-Theft products that help retailers reduce common and ORC theft while boosting sales. We are the market leader in customizing products to include individual store specific information to aid in the recovery and return of stolen merchandise. These products are virtually impossible to remove from merchandise packaging, and will permanently damage the packaging if they are forcibly removed. Retailers can protect their merchandise while making it accessible to shoppers, which is critical for maximizing sales. The cost of these products is extremely low when compared to lock boxes, keepers, spider wraps, shelf protectors, etc. All of these factors lead to a quick and substantial ROI. ALL-TAG manufactures RF Labels in their South Florida facility, and is a leading supplier of AM labels. Top retailers and their Source Tagging partners around the world are using ALL-TAG RF and AM Labels to protect their merchandise.

Veesion Pro, also provided by ALL-TAG, is intelligent video surveillance software that continuously analyzes any retailer's cameras. The software automatically detects suspicious shoplifting behavior and gestures in real time with algorithmic analysis of video footage. A video notification is immediately sent to store personnel providing the retailer an opportunity to prevent theft and ORC while it is happening.

Veesion is an enhancement to any video surveillance system as it is the equivalent of having a set of eyes on every camera in a retail store. Furthermore, it does so for the fraction of the price of a video room monitor and with much greater accuracy.

STE 920
Philadelphia, PA 19106-2549

Tel: 215-220-6600

Website: <https://experiencearc.com/Chargeitspot.com>

Products / Services: Security Systems & Products; Technology Services

Company Description: ARC solves operational challenges faced by companies who have large investments in handheld devices (i.e., devices by Zebra, Honeywell, etc.), which associates use to be productive for tasks like package/baggage scanning, inventory check, mobile PoS, etc. We've learned from clients that managing handheld devices is a nightmare -- they're experiencing surprisingly high device shrink, wasted time managing manual processes, and lost productivity when devices stop working, go missing, or batteries die.

ARC is a device management solution integrated with smart lockers to store, secure, and charge these company-owned handheld devices. ARC reduces device shrink, hits to productivity, wasted payroll time consumed by managers, and the number of faulty devices in circulation.

Diversey has found success in the retail industry due to our insights and understanding of our customers' needs. Our solutions are a practical reflection of what we know your challenges to be and the ways in which you define success within your stores.

We understand that it is critical for our customers to control and reduce hygiene spend and improve efficiency through optimal solutions and training.

To Diversey and our customers, sustainability is about more than "green" products, it encompasses the reduction of waste, carbon footprint, energy, water, and chemical waste. Working with our customers we deliver proven solutions that help to trace and report on Environmental Social and Governance targets.

The safety of customers and staff is critical, and with a focus on solutions that improve safety we can help to protect your brand.

The shopping experience is important to your Retail customers and is safeguarded by well-trained employees that have defined operational procedures and effective products that deliver the right results.

Company Description: ECRS future-proofs local and regional retailers to win in today's market, while preparing them for tomorrow's opportunities.

ECRS' revolutionary CATAPULT® system is the market's only truly unified transaction platform, running in thousands of locations across North America. With CATAPULT, the point of sale, self-checkout, deli scales, fuel pump, pharmacy, mobile, inventory, customer loyalty, back office, e-commerce, and enterprise management all share one single transactional logic. Unified Transaction Logic™ empowers retailers to prosper by providing actionable business intelligence across their enterprise. Unifying hardware, software, and services, ECRS offers friction-free, cost-saving solutions that increase customer engagement while transforming the consumer experience.

ECRS is committed to perpetual development, and expanding value through constant innovation. To that end, CATAPULT is fully-customizable. Optional plug-and-play modules work seamlessly with core applications, offering retailers freedom and flexibility in designing their point of sale platform. Retailers can easily expand platform functionality as their business grows. Exhaustive research, intelligent design, and rigorous pre-market testing ensure that ECRS products integrate smoothly into existing retail environments.

Company Description: Because we believe in doers — the ones who take action and get the job done. The ones who change companies and industries forever.

Doers take pride in crushing a goal; closing a sale; making a customer happy; and delivering ahead of schedule.

Doers don't waste time and don't risk results — they do more with less.

We see a world where the doers do less work about work, and have more time for important things — on and off the clock.

Always driving forward and taking pride in what they've accomplished.

We believe in the doers, because we are doers, too. We are customer-obsessed; execution-oriented; growth-minded, and passionately curious.

And we build great products for the doers of the world, so they can do what they do best: Great Work.

Company Description: Four Generations and more than 60 years later, Maple Leaf Farms duck continues to create culinary experiences from the kitchen table to restaurants around the world. Our farm to fork focus and vertical integration ensures that you are getting the tastiest duck in the most sustainable and humane way possible.

We knew from the start that treating our ducks right is our top priority. That's why we put care into every step of farming, feeding, and processing. We keep our ducks as happy and healthy as possible at our farms. They eat a healthy balance of grains and veggies and are free to roam in cage free barns. We knew this was a priority from the start, so we developed the first and only duck well-being guidelines with veterinarians and poultry scientists from all over the country.

Our Trident Stewardship Program is the leading duck care program in the world.

Company Description: Since our founding in 1971, Nihon Shokken Group has accomplished continuous growth and has become internationally distinguished. As we continue to expand, we aspire to promote the development of "deliciousness" and "convenience" in food culture through the research, production, and sales of sauces and seasonings.

Nihon Shokken Group began American operations in 1988 with opening its Los Angeles Sales Office in Torrance, California. As a subsidiary of Nihon Shokken Holding Co. Ltd., the company initially imported and distributed sauces and seasonings made in Japan throughout the U.S. Great reception of our products allowed our company to open other branches nationwide which encouraged the foundation of Nippon Shokken U.S.A. in 2006.

In April 2013, after being captivated by the beauty of the region's resources and surrounding food culture, the newly named company established roots locally through building a new manufacturing facility in West Sacramento and started domestic production of products in June 2013. From this 70,000 square foot head office and plant, we produce fresh, high quality products for our valued customers as we embark on furthering and delivering new innovations to food culture in the U.S.

Company Description: Since 2006, we've provided a solution for companies that desire to have best-in-market representation. You no longer have to choose between regional expertise and a national broker. With OSMG, you get the best of both worlds.

How it works

Each OSMG partner serves as an independently-owned regional broker, with personal relationships and familiarity with their specific accounts in their region of the country.

When you decide that you want nationwide coverage, the partners join together seamlessly to create one cohesive broker - On Shelf Marketing Group (OSMG).

The same time and dedication you would receive in a local setting is applied throughout the nation.

Company Description: Two of the most trusted household brands, Reynolds® and Hefty®, joined together as Reynolds Consumer Products in 2010. While the establishment of this new company made it official, the truth is that Reynolds® and Hefty® products have been found side-by-side in the kitchens of American families for more than three generations.

The creation of both the Reynolds® and Hefty® brands is the direct result of American ingenuity mixed with a bit of elbow grease. Reynolds Wrap® foil was invented after aluminum was no longer needed for military use; and became a new staple for American kitchens. Hefty® waste bags were first developed with excess material from an early plastics innovator, creating another household essential.

Company Description: Southern hospitality. Silicon Valley tenacity. Nationally recognized. Our caring nature and innovative spirit runs deep in who we are and what we believe.

We're more than delivery. We go beyond bringing the things people need – to building positive and personal relationships that last. Whether it's taking the time to get to know our members, coming together as a team to make shoppers feel extra appreciated, or authentically representing ourselves and our partners — we spark connections that show every person counts. That's how a simple delivery can feel like so much more.

Company Description: Our journey began in 2015, when our founder's consulting firm, Bianix Technology, won a contract to solve the item on boarding challenge at Canada's largest retailer, Loblaw Companies Ltd. We revolutionized item setup at Loblaw, reducing time to onboard new items from weeks and months to 1-3 days, generating over 30 million dollars annually in increased profit, and millions more in cost savings.

Inspired by this success, we decided to bring our solution to the world. In 2017, we launched Simplista, an agile, intelligent, API-centric SaaS platform designed to streamline trade between retailers and their supplier partners.

Company Description: In 1999, the Southeast Produce Council (SEPC) was formed by six members who had a vision for a Southeastern-based produce organization. The members met at the Atlanta Farmer's Market in August 1999. The first formal meeting of the Southeast Produce Council was held in Charlotte, NC with 100 produce professionals from across all areas of the industry in attendance. An innovative produce organization emerged which has grown to over 2500 members and is continuing to grow at a steady pace. Today, the council stands behind its Vision, Mission, Values, and Goals.

Company Description: Spoiler Alert is a B2B software company for CPG brands to manage sales of excess and short-dated inventory, recover value and increase sustainability.

Working exclusively at the manufacturing plant or distribution center level, Spoiler Alert offers a best-in-class sales platform that enables CPG brands to automate their discounting processes across a private network of discount retailers and nonprofit channels - with a heavy focus on maximizing value recovery, strengthening customer relationships, and increasing the effectiveness of CPG teams tasked with minimizing inventory write offs. Founded by alumni of MIT, Spoiler Alert works with some of the world's largest brands, including Campbell's, Danone, HelloFresh, KeHE Distributors, and Kraft Heinz, along with a growing network of discount channels committed to increasing affordable food access.

The company is backed by some of the nation's leading food, agriculture, technology, and supply chain investors, including Maersk - the global leader in supply chain and logistics. Our leadership team brings decades of experience across enterprise software, supply chain management, ecommerce, and data analytics within the CPG and retail industries. We are Friends of WRI's Champions 12.3 (the industry's leading stakeholder group committed to corporate food waste reductions), are members of ReFED's Expert Network, Pledge 1%, Climate Collaborative, and regularly contribute to the national dialogue around waste prevention and supply chain innovation - including through our affiliation with the Walmart Food Safety Collaboration Center.

Spoiler Alert is a winner of the 2022 Food Logistics Top Software & Tech Awards, ECR Top 30 Innovations in Food Waste 2022, The FoodTech 500, Tracxn Emerging Startup 2022, and Built In Boston's 22 Startups to Watch.

Company Description: We've been in your shoes. We've experienced your frustration. The Allan Sullivan Co. was born when we set out to change it. We built the brokerage to provide the value we wish we got when we were in your position.

Over the course of our careers, we've led everything from category and trade marketing to national account teams and business units in excess of \$1B. We've been on the manufacturer side of the table and the retailer side of the table. We've been at large multinationals and small startups.

No matter where we were, we kept being underwhelmed by the quality of the manufacturers reps we ran into. Even the ones we hired – we were always left wanting more. How was it possible that such a critical part of the value equation could come up so short so often?

Company Description: UEP's first organizational meeting was held in Chicago on November 12, 1968 at which time egg producers from across the U.S. recognized the need for a regional cooperative organization to address the needs of the industry. Thus, five regional offices were created: Midwest UEP, Southern UEP, North Atlantic UEP, West Coast and Northwest United Egg Producers. A federated Capper-Volstead Agricultural Cooperative was structured with membership available to producers who are engaged as a farmer in the production of table eggs. Membership is also available to owners of breeder flocks, hatcheries, pullets growers, contract egg producers, and farm cooperatives that meet the requirement of owned or leased facilities.

In October 1998, the by-laws of UEP were amended thereby changing the organization to a direct member organization.
