Website: <https://clearlyclean.com/>

Products / Services: Meat/Poultry; Packaging; Perishables; Produce; Seafood; Other

Company Description: Clearly Clean is an award-winning, innovative manufacturer that creates eco-friendly products with features that surpass their non-sustainable alternatives.

Packaging with the future in mind

Clearly Clean's 100% recyclable PET food trays ensure that our retail, food processor, and packaging distributor clients are able to protect their food – and our planet. We understand that the package shouldn't last 500 years longer than the product it's protecting.

Clearly making a difference

Clearly Clean manufactures the:

- world's only patented recyclable, smooth-edge overwrap trays
- world's only patented recyclable MAP trays with a peelable barrier layer
- world's only patented recyclable, smooth-edge MAP trays with a peelable barrier layer
- world's only patented multi-peelable layer packaging for food and retail
- world's only patented recyclable barrier rollstock

We take pride in the words "world's only patented" as they are indicative of our ability to think outside the tray:

- Consumers asked for recyclable solutions to polystyrene. We delivered.
- Companies yearned for a smooth edge to mitigate leakers. We delivered.
- Millennials prefer a clear option. We delivered.

That's what makes us who we are. That's what makes us different. We seek out the impossible – and we deliver.

Primary Contact: Mrs. Lisa Grimes
