| Company<br>Description: | Prodx helps leading Grocers and CPGs enable highly relevant and<br>personalized experiences for grocery eCommerce. We do this through<br>our proprietary approach of building highly standardized product data that<br>covers each and every attribute that matters to customers across our the<br>entire product catalog, including Private Brands. |
|                         | Our foundational set of product data sits at the core of our 70+<br>interconnected services, which can be organized in to three distinct sets<br>of capabilities:<br>• Experiences: Our 20+ Experience APIs can power relevant and<br>personalized experiences like Search, Recommendations, Substitutions,<br>and more.                             |
|                         | <ul> <li>Digital Merchandising: Easy to use web based tools to further control,<br/>A/B test, and launch experiences tailored to your individual business<br/>priorities, like prioritizing Private Brands.</li> </ul>   |
|                         | • Retail Media: Our unique offering utilizes the same product data to<br>ensure on-site advertising never comes at the expense of customer<br>experience. We're helping brands more efficiently spend their investment<br>through our unique Pay per Conversion model, with an average ROAS of<br>9+ across all active brands to date.               |
